THE BUILDERS

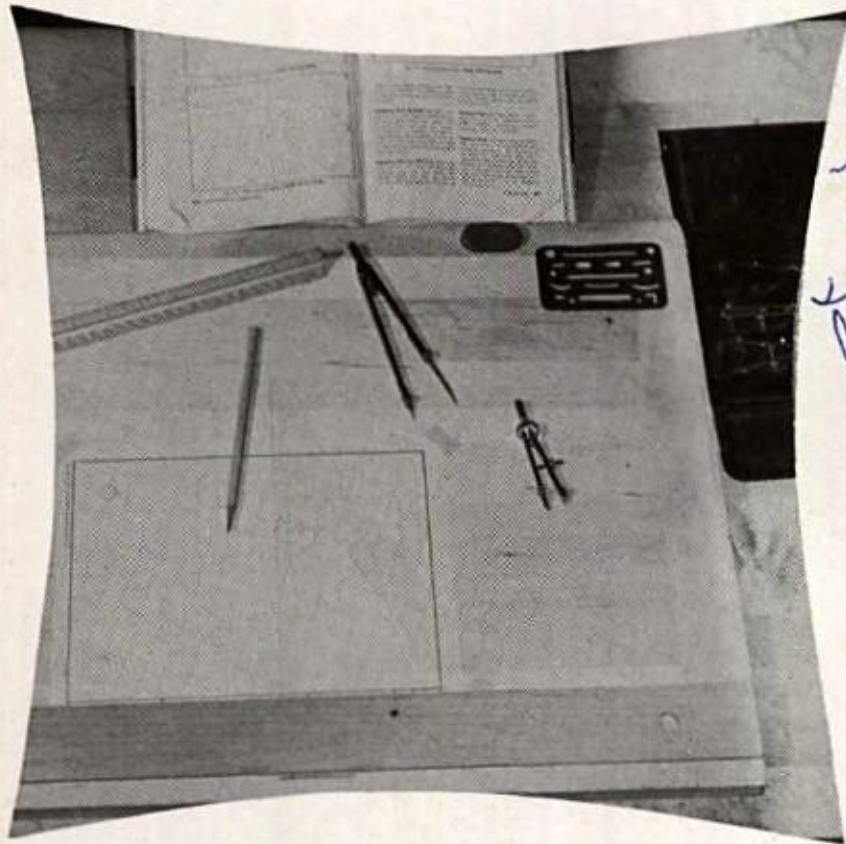

All are architects of Fate,
Working in these walls of Time;
Some with massive deeds and great,
Some with ornaments of rhyme.

For the structure that we raise,
Time is with materials filled;
Our to-days and yesterdays
Are blocks with which we build.

Build to-day, then, strong and sure,
With a firm and ample base;
And ascending and secure
Shall to-morrow find its place.

—Henry Wadsworth Longfellow

SUPERINTENDENT
WILLARD J. GRAFF

Under the far-sighted and dynamic leadership of Mr. Willard J. Graff, superintendent of schools, the Springfield school system has continued to meet the challenge of providing adequate facilities and an enriched curriculum for the youth of the community.

Imbued with a firm faith in American youth, Mr. Graff is dedicated to the philosophy that the main task of the schools is to help each young person acquire the understandings, skills, ideals, and values necessary for him to achieve his highest personal development.

FRANKLIN D. GAMBLE

ROBERT D. HENRY

JAMES A. JEFFRIES

Accepting the challenge of an increasing school population, Board of Education members with their clear vision and judgment work untiringly in formulating a long range plan of building adequate facilities and hiring qualified personnel to serve the educational needs of the Springfield students.

Further, they work unceasingly to merit the confidence of the citizens who elected them as well as to function effectively with the administration and faculties under the leadership of the Superintendent of Schools.

These members, busy with their daily occupations, are ever willing to sacrifice time and energy to contribute to the welfare and education of our future citizens.

JOHN J. SWEENEY

Assistant Principal

His heart and interests are with Hillcrest wherever he goes. Mr. Hoyt Shumate, principal, is truly an ambassador for Hillcrest whether he is sitting on the bleachers of a crowded gymnasium, attending a banquet of one of the many clubs and organizations, working for the interests of the students, or just walking through the halls greeting faculty and students with his friendly smile.

Mr. John J. Sweeney, assistant principal, is a man with plenty of "get up and go" and a talent for accomplishing many activities. These, coupled with his sparkling Irish sense of humor, make him indispensable as administrator and friend.

Office, P.T.A., Staff . . . Provide Guidance

CORE OF H.H.S. . . . To guide students and faculty, to offer assistance, and to solve numerous details are all in a day's work with friendly Mrs. Wilma Perryman, Mrs. Maxine Chittim, and Gloria Ammerman.

HILLCREST'S PARENTS . . . Working always with the students' interests as primary importance are the Parent Teachers Association officers, Mrs. Ernest Brunner, historian; Mrs. M. G. DeGraffenreid, president; Mrs. Elmer Sloan, treasurer; Mrs. Fred Bodenhammer, secretary; Mrs. Claud Randall, first vice-president. Not present is Miss Martha Ann Wells, second vice-president.

GUIDANCE STAFF . . . Mr. John J. Sweeney, assistant principal; Mr. Hoyt Shumate, principal; Miss Martha Ann Wells, dean of girls; Mr. Newton Edwards, dean of boys.

Newton Edwards

HELPFUL IDEAS . . . Joline Kesterson and Jim Collier, seniors, stop to have an informal chat with Miss Martha Ann Wells, dean of girls.

CAREFUL PLANNING . . . Eddie Hall, junior, secures expert counseling from Mr. Newton Edwards, dean of boys.

Hillcrest's Faculty . . .

NOVICE ARCHITECTS . . . Instructor G. H. Oheim observes closely as George Bush and Doyle Powell measure a line of rule in beginning drafting.

To help build a better tomorrow at Hillcrest is a group of architects—the faculty. Using the basic skills as architectural tools, the faculty uses knowledge in all phases of academic study to bring out in detail the best abilities of the students.

To mold future citizens to carry on the responsibilities of their city, many of the teachers helped as advisers on the Hi-Y Model City Government boards.

By showing wise guidance, participating in school activities, and teaching ideals of sportsmanship the faculty truly sculpts the character of Hillcrest.

The 1960 Seniors . . .

REVEAL LEADERSHIP . . . These were the officers and sponsor who led to the building of a strong senior class: Kay Cheek, vice-president; Butch Brown, president; Janet McCarty, secretary; Janice Yarbrough, senator; and sponsor, Mr. Newton O. Edwards.

"Parting is such sweet sorrow"—and so be it.

As the seniors leave behind never-to-be-forgotten memories of friends and the magic of school life to build a better tomorrow in the world of today, it is truly a loss to both the departing seniors and to Hillcrest for this is the separation of a friend and friends.

But the future of Hillcrest lies in their hands—for those to follow will always look to them as a class of many talents and as an example of superb leadership.

Juniors, Class Of 1961 . . .

RAILING SUPPORTS . . . Adding strength to the junior class with intelligence and vivacity are these junior officers with their class sponsor, Miss Martha Ann Wells; Mary Robbins, secretary; Marti White, president; Miss Wells; Grace Weber, senator; Bill Cooper, vice-president.

As carefully as an architect studies his plans towards completion of his building, so have the juniors looked over their years of preparation for the senior year, their completion of high school.

They found that they had entered wholeheartedly into school activities such as pep rallies, and games and student government. Hillcrest's teams were made stronger by their participation. Class work revealed their high scholastic achievements. On every hand there was evidence of junior cooperation and mature judgment.

Yes, the junior class is a sturdy foundation on which tomorrow's senior class shall be built.

... Sophomores, Class of 1962

ON THE PLANNING BOARD . . . Future plans are made in seriousness as well as in fun with Sophomore officers: Sally Smith, secretary; Charles Black, president; Sherry Brock, senator; Karen Brake, vice-president; Mr. Newton O. Edwards, sponsor.

To build a better tomorrow at Hillcrest certainly was the aim of the Sophomore Class as it continued throughout the year to hammer golden nails of accomplishments, such as helping to secure a charter from the National Forensic League, displaying their arts and talents in the talent assembly, writing for "The High Times," assembling the "Highlighter," and making its leadership felt throughout the student body.

The student government felt the impact of the sophomore strength through its zealous cooperation in student government, through its active participation in the athletic program, through its cheerleaders on the "B" pep squad, and through its excellent scholastic record.

Truly it can be said that the Sophomore Class contains the qualities needed for effective leadership.

WILLING MESSENGER . . . Sophomore Steve Pope is in no hurry to leave pretty assistant Jane Ann Bacon.

Freshman Class Of 1963 . . .

The Hillcrest freshmen serving their first year as Hillcrest's apprentices have indicated their ability to advance in many fields of endeavor.

Their scholastic ability was discovered not only in classwork, but through their active participation in all phases of student government. School spirit was shown by their acting in the school play, "Belvedere." They gave the utmost in support by attending the athletic events of the year and have shown possibilities of promising athletes in the future.

Hillcrest's future lies safe in the hands of these young workers.

HILLCREST APPRENTICES . . . The success of the freshman year depended on these girl leaders: Marie Lampman, president; Sherry Lampman, vice-president; Miss Martha Ann Wells, sponsor; Carlene Brown, secretary; and Joyce Remenar, senator.

English Stresses Words, Writing, Research

The study of words, the writing of original stories, poems, and essays, and the reading of modern and classical literature form the basic part of the Language Arts Department at Hillcrest.

Through the study of American Literature, the student learns of his American Heritage and the ideals of democracy.

In addition to the basic fundamentals of English, a rich program of electives which includes word study, English IVC and IVL, speech, dramatics, journalism, and Spanish, French, and Latin are offered.

FROM LATIN OR GREEK? . . . Searching for derivations of modern words seems to be a serious study for Orvall Hall, Vicki Burroughs, and Charles Tiller in Miss Margaret Backlund's English IV C class.

The Advanced Choir presented two public concerts and helped the Thanksgiving assembly with beautiful music. The Girls' Glee Club, outfitted in new ensembles, also sang in two concerts, an assembly, and performed for American Education Week. The Madrigal Singers, costumed in Elizabethan originals, journeyed to the University of Wichita as its guests for two days, and with the magical Quintones presented a complete concert, the first in the history of Springfield, in February.

Highlanders Reveal Scottish Skills

Blue velvet tams, plaid socks, Royal Stewart dress plaid kilts, booming tenor drums, rousing bugles, and sparkling personalities could only describe one group—The Highlanders.

Whether performing at football games, in exchange assemblies, at basketball games, in parades, or ushering at various civic affairs the corps was always a thrilling sight for spectators. Performance of the "Highlander Festival Fling," "The Sword Dance," and the traditional "Highland Fling" at the last home basketball game highlighted their year.

Campaign speeches, election suspense, and then it starts—another year of serving the student body “to the best of my ability” as the traditional pledge states. Again the Hillcrest student government is ready to assume the responsibilities of leadership.

As the year progresses, this busy body, with the help of the Missouri State Council Convention and the Intra-City gathering, published a student directory, it sponsored the United Fund Drive, chose a school song, and carried out a student participation survey to determine how many students were engaged in club and other extracurricular activities. Other student services included giving two all-school parties and providing funds for the American Field Service exchange student.

In Memoriam

SHERMAN EDWARD WADDLE

Born February 26, 1944
Died September 12, 1959

*It is a lovely thing—
The silence which hovers like a wing,
Above the world of men
When darkness comes,
Fear, hate, and anger fades away,
And peace becalms the turmoil of the day,
It is the quietness
Which every worker needs;
This sweet serenity at close of day.
When we may rest and pray.*
